corporate law and corporate governance have been at the forefront of regulatory activities across the world for several decades now and are subject to increasing public attention following the global financial crisis of 2008 the oxford handbook of corporate law and governance provides the global framework necessary to understand the aims and methods of legal research in this field written by leading scholars from around the world the handbook contains a rich variety of chapters that provide a comparative and functional overview of corporate governance it opens with the central theoretical approaches and methodologies in corporate law scholarship in part i before examining core substantive topics in corporate law including shareholder rights takeovers and restructuring and minority rights in part ii part iii focuses on new challenges in the field including conflicts between western and asian corporate governance environments the rise of foreign ownership and emerging markets enforcement issues are covered in part iv and part v takes a broader approach examining those areas of law and finance that are interwoven with corporate governance including insolvency taxation and securities law as well as financial regulation the handbook is a comprehensive interdisciplinary resource placing corporate law and governance in its wider context and is essential reading for scholars practitioners and policymakers in the field

the routledge handbook of corporate law provides an accessible overview of current research in the field from an international and comparative perspective in recent years there has been an explosion of corporate law research as this area of law continues to develop rapidly throughout the world traditionally anglo american corporate law theory has dominated debates and publications however this handbook readdresses the balance by exploring the treatment of corporate law in both europe and asia as well developments in the us and uk bringing together a wide range of key thinkers in the field this volume is divided into three main parts thinking about corporate law corporate law principles and governance some cross cultural comparisons providing up to date and authoritative articles covering all the key aspects of corporate law this reference work is essential reading for advanced students scholars and practitioners in the field

corporate governance remains a central area of concern to business and society and this handbook constitutes the definitive source of academic research on this topic synthesizing international studies from economics strategy international business organizational

behavior entrepreneurship business ethics accounting finance and law

this insightful research handbook contributes to the theoretical and practical understanding of corporate purpose and personhood which has become the central debate of corporate law it provides cutting edge thoughts on the role of corporations in society and the nature of their rights and responsibilities

this text highlights the responsibilities of directors or their equivalent in the major countries around the world it should be of interest to any organization which has or is thinking of having overseas operations and to accountants lawyers and other p

the oxford handbook of the corporation assesses the contemporary relevance purpose and performance of the corporation the corporation is one of the most significant if contested innovations in human history and the direction and effectiveness of corporate law corporate governance and corporate performance are being challenged as never before continuously evolving the corporation as the primary instrument for wealth generation in contemporary economies demands frequent assessment and reinterpretation the focus of this work is the transformative impact of innovation and change upon corporate structure purpose and operation corporate innovation is at the heart of the value creation process in increasingly internationalized and competitive market economies and corporations today are embedded in a world of complex global supply chains and rising state and state directed capitalism in questioning the fundamental purpose and performance of the corporation this handbook continues a tradition commenced by berle and means and contributed to by generations of business scholars what is the corporation and what is it becoming how do we define its form and purpose and how are these changing to whom is the corporation responsible and who should judge the ultimate performance of corporations by investigating the origins development strategies and theories of corporations this volume addresses such questions to provide a richer theoretical account of the corporation and its contested future

the corporation has become an increasingly dominant force in contemporary society however comprehensive in depth analysis of the concept of the corporation is often restricted or limited to one disciplinary approach this handbook brings together the cutting edge scholarship expertise and insight of leading scholars in a wide range of disciplines notably management studies law history political

science anthropology sociology and criminology using a critical approach to dissect and understand the corporation ten chapters provide overviews of the state of play of critical scholarship on the corporation in each of these disciplines further contributors tackle current hot topics such as corporate social responsibility corporate crime global value chains financialization and the interaction between corporations and communities finally they consider resistance and alternatives to the corporation with its interdisciplinary approach this book is an invaluable resource for all readers studying the past present and future of the corporation

the handbook of business discourse is the most comprehensive overview of the field to date it offers an accessible and authoritative introduction to a range of historical disciplinary methodological and cultural perspectives on business discourse and addresses many of the pressing issues facing a growing varied and increasingly international field of research the collection also illustrates some of the challenges of defining and delimiting a relatively recent and eclectic field of studies including debates on the very definition of business discourse part one includes chapters on the origins advances and features of business discourse in europe north america australia and new zealand part two covers methodological approaches such as mediated communication corpus linguistics organisational discourse multimodality race and management communication and rhetorical analysis part three moves on to look at disciplinary perspectives such as sociology pragmatics gender studies intercultural communication linguistic anthropology and business communication part four looks at cultural perspectives across a range of geographical areas including spain brazil japan korea china and vietnam the concluding section reflects on future developments in europe north america and asia

exploring management second edition by john schermerhorn presents a new and exciting approach in teaching and learning the principles of management this text is organized within a unique learning system tailored to students reading and study styles it offers a clean engaging and innovative approach that motivates students and helps them understand and master management principles

outsourcing is becoming an accepted arrangement for all non core business functions the devil though lies in the detail and many users are failing to secure maximum benefit through unfamiliarity with the implications and ignorance of the potential pitfalls the book is based on the templates used by lucidus and covers planning contracts and managing the process practical guidance is given for each stage and the text includes some extended case studies

corporate governance broadly refers to the mechanisms processes and relations by which corporations are controlled and directed governance structures and principles identify the distribution of rights and responsibilities among different participants in the corporation such as the board of directors managers shareholders creditors auditors regulators and other stakeholders and includes the rules and procedures for making decisions in corporate affairs this updated and expanded second edition of book provides a user friendly introduction to the subject taking a clear structural framework it guides the reader through the subject s core elements a flowing writing style combines with the use of illustrations and diagrams throughout the text to ensure the reader understands even the most complex of concepts this succinct and enlightening overview is a required reading for all those interested in the subject we hope you find this book useful in shaping your future career business
